

**Multi-norm** protective suit made of high quality blended fabric cotton/polyester with permanent flame retardant **PROBAN®** finish. **Excellent price-performance ratio.** Comfortable design in **Hi-Vis** blue-yellow combination with **3M** silver reflective tapes.

## PROBAN®

### Material:

79% cotton, 20% polyester, 1% antistat, weight 260 g/m<sup>2</sup>, permanent flame retardant **PROBAN®** finish

**PROBAN®** is a quality controlled technological process that provides fabrics with flame retardant properties suitable for long-term use. **PROBAN®** fabrics withstand up-to-date laundering and dry cleaning processes. They provide protection against heat risks in different working environments.

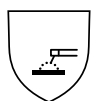

### Use:

**GoodPRO FR7 Jakub HV** is a basic multi-norm protective suit with a wide range of use. Designed for petrochemical and gas industry, power engineering, refineries and ADR transport.
