

Flame retardant antistatic shirt with long sleeves and collar. Made of innovative inherently and permanently non-flammable fibres Lenzing FR® / aramid. Comfortable and modern design. Available in blue.

Material:

64% Lenzing FR®, 35% aramid, 1% antistat, weight 150 g/m²

Lenzing FR® is an inherently and permanently non-flammable cellulose fibre, which provides excellent protection against heat and flame. It also offers high comfort of use with extra breathability and minimum heat shrinkage.

Use:

GoodPRO Nela FR offers a wide range of use. Designed for petrochemical and gas industry, power engineering, refineries and ADR transport.
